

PETITION TO SCHOOL DISTRICT
IN SUPPORT OF EDUCATION
NOT INDOCTRINATION

We, the undersigned, are residents of District _____ located in _____ County of Illinois.

We petition the District _____ School Board ("the Board") to immediately take action to stop teachers and staff from using classroom/school time to present inappropriate, unconstitutional, biased, anti-child, anti-American curriculum to our students.

We petition the Board to take action against administrators who are allowing teachers to include politically biased content in the classroom; who are ignoring parents wishes on student learning; and who permit curriculum/instructional materials/classroom activities and/or texts that deviate from the approved syllabus, and/or their use in violation of the Board policies.

We petition the Board to confirm that parents deserve the right to access, oversight, and quality control over the content of the student curriculum; that parents and students are able to defend their civil rights against curriculum or classroom abuse; and that parents and students may enforce these rights in full.
